

## DR R.S. TOLIA AWARD 2020

### Call for Nominations

The Integrated Mountain Initiative (IMI) community suffered a great loss in 2016 with the passing away of its esteemed and visionary leader, elder, and guiding light. Dr. R.S. Tolia conceptualized the idea of IMI, got like-minded people on board and led it from the front as its founding President. His passion and commitment towards improving the lives of mountain communities is what drove him. There are few people who have had such a profound impact on the future direction of mountain development as Dr. Tolia. His vision and commitment for the formation of a pan-Indian mountain movement not only unified diverse mountain states of India but also inspired others. His deep understanding of the links among people, cultures, livelihoods and mountain environment undoubtedly influenced a generation of researchers, organizations and policymakers.

While his passionate determination will continue to inspire people, IMI community aims to encourage passionate individuals to carry forward the cause of integrated mountain development to commemorate the memory of Dr. Tolia and in gratitude to its founding President. Therefore, in 2017 IMI resolved to institute the 'Dr RS Tolia Award' to recognize efforts that have made an impact in integrating and addressing the issues of mountain communities.
